THEATRE CROWD SEES TRAGEDY

Salt Lake City, Feb. 8.—Coming from the mock tragedy of a moving picture show a crowd on Third South street was horrified by a real tragedy tonight. A large object hurled from the sky fell upon the sidewalk and lay at the feet of the pleasure seekers, the crushed and bleeding body of a man.

The victim is believed to be George Johnston of Denver. He had been prowling about the alleys in the business section and two policemen were looking for him as a suspicious character. In his flight he knocked down a night watchman and finally climbed a fire escape to the roof of the Luna theater. The officers lost the trail and were still looking for the fugitive when screams in front of the building explained his disappearance. Johnston had evidently reached the roof and jumped to the sidewalk, three stories below. He died on the way to a hospital.

Letters on his person were addressed to "George Johnston, general delivery, Denver, Colo." Most of them were written from England.

ANOTHER BOYCOTT IS DISCOVERED

Washington, Feb. 8.—The house committee inquiry into the high cost of food today developed the fact that the retail merchant of Washington cannot buy direct from the farmer without bringing down upon his head a boycott by the commission merchants and he is therefore forced to trade through that medium and to

charge to the ultimate consumer, whatever the increased cost may be. Food Inspector Dodge continued his testimony today with a comparison of prices of necessities of life with prices of twelve years ago, which showed increases up to 150 per cent. A partial list of articles so compared follows:

Breakfast bacon, 1897, 10c lb.; 1910, 22c lb.
Navy beans, 1897, 5c qt.; 1910, 25c for three quarts.
Best Elgin butter, 1897, 25c lb.; 1910, 38c lb.
New York cream cheese, 1897, 15c lb.; 1910, 24c lb.
Strictly fresh eggs, 1897, 19c doz.; 1910, 30c doz.
Purest lard, 1897, 6 1-2c lb.; 1910, 16c lb.
Pork, 1897, 7 1-2 lb.; 1910, 14 3-4 lb.
Pork hams, 1897, 9 1-2c lb.; 1910, 10c lb.
Rib roast, 1897, 10c lb.; 1910, 15c lb.
Sausage, 1897, 10c lb.; 1910, 18c lb.
Round steak, 1897, 9c lb.; 1910, 12c lb.
Tenderloin steak, 1897, 15c lb.; 1910, 20c lb.
Irish potatoes, 1897, 12c peck; 1910, 17c peck.
Irish potatoes, 1897, 45c bu.; 1910, 65c bu.
Standard flour, 1897, 95c sack; 1910, \$1.05 sack.
Standard flour, 1897, \$3.50 bbl.; 1910, \$6.00 bbl.

CROW INDIANS ENTER PROTEST

Washington, Feb. 8.—A delegation of Crow Indians today presented to Commissioner of Indian Affairs Valentine their objections to a bill in the senate committee on Indian affairs providing for the opening to settlement of the remainder of the unallotted tribal lands on their reservation in Montana.

This involves 1,836,000 acres, which, under a new system of leasing those

lands for grazing purposes, will net the Indians \$160,000 in the current year as against \$40,000 last year. The delegation argued that only 150,000 acres out of a total of 1,500,000, which were opened six years ago had been settled, and it was only fair to wait until this tract had been taken before opening the rest of the unallotted lands.

Mr. Valentine informed the Indians that he would appear with them before the senate committee on Thursday and give his view of the matter, which is understood to be unfavorable to the opening of these lands at present.

TAFT'S SOCIAL SEASON ENDED

Washington, Feb. 8.—The white house social season ended brilliantly tonight when President and Mrs. Taft received in honor of the army and navy. The attendance probably was the largest of any of the four big receptions of the year. The pressure for invitations was so great that the lists closed more than a week ago.

The guests were limited more strictly to army and navy officers than ever before.

BRYAN FAMILY IN BOLIVIA AND HAPPY

La Paz, Bolivia, Feb. 8.—William J. Bryan, accompanied by his wife and daughter, arrived here Monday. All are enjoying good health. A reception in honor of the distinguished visitor was held at the Laper club, at which the diplomatic representatives and various government officials met Mr. Bryan. President Villazon has arranged to receive Mr. Bryan, who has expressed his great appreciation of the manner in which he has been welcomed here.

WHEAT MARKET IS IMPROVED

Chicago, Feb. 8.—Wheat rallied sharply today after a slight fall off at the opening, due to bearish sentiment induced by large arrivals and foreign weakness. May ran up from \$1.09 3-8 to \$1.10 1-8, and the other futures made less generous gains. The close was strong at nearly the high points, with May at \$1.10 5-8, 3-8c higher than the final figures yesterday.

Reports that country elevators are receiving little grain from farmers gave a bullish trend to corn early.

Prices advanced in line with the wheat market from 1 to 1 1-8. May advanced from 65 1-4 to 66 1-4 @ 66 3-8, other futures moving forward in sympathy. The close was firm at nearly the high points of the day, with May at 66 1-8, 5-8 @ 3-4c higher.

Oats followed the same general course as wheat and corn. May traveling from 46 3-4 to 46 5-8c. The close was strong, with May at 46 3-8 @ 1-2, 3-8 @ 1-2c higher.

In provisions closing prices for the May products were: Pork, \$22 1-2 @ 22 1-2c higher; lard, \$12 25, 10c higher; and ribs, \$11 87 1-2 @ 11 90, 5 @ 7 1-2c higher.

Advice to Women

A Message from a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh.

In fact this whole tendency is, properly speaking, Catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that will cure catarrh.

Mrs. Swift, New York, the famous beauty specialist known throughout the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for Catarrh is Rexall Muc-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Muc-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Muc-Tone they will prize as I do its strengthening and healing qualities."

Rexall Muc-Tone works through the blood, acting thus upon the mucous cells, the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Muc-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexions. Price 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our store—The Rexall Store, T. H. Carr, corner Grant and 25th.

STOCKS SHOW SOME RELIEF

New York, Feb. 8.—Stocks showed some relief today from the stress of urgent liquidation, which was so conspicuous yesterday. There was a wave of selling orders for execution when the market opened, which seemed to be the aftermath of yesterday's precipitate decline in prices. The decline had served to exhaust or diminish additional margins, and where the calls sent out over night were not responded to, the selling out of collateral was the consequence. The opinion gained ground that the market's weakness was due to isolated liquidation of large individual accounts dating back to the period of price inflation last year which had injudiciously overstayed the market, inviting measures of persuasion or insistence from lenders of money employed for carrying the accounts.

Stock market sentiment regarding the federal incorporation bill introduced into congress yesterday was improved today.

The copper trade reported some concessions in prices for that metal, but the January statistics of the Copper Producers' association are expected to show another material decrease in stocks. The copper industry was reported heavy.

The nervousness manifested itself in the final break in prices, which put Union Pacific, United States Steel and Amalgamated Copper to the lowest price of the session.

Bonds heavy. Total sales, par value, \$4,395,000. U. S. bonds were unchanged on call.

HERMANN CASE NEARING CLOSE

Portland, Ore., Feb. 8.—As arranged by agreement between Judge Charles E. Wolverton of the United States district court and counsel today, the case of former Congressman Binger Hermann, who is being tried on a charge of conspiracy to defraud the government of public lands, will go to the jury Friday. Arguments will begin tomorrow and each side has

agreed to the limiting of itself to a day and a half.

After the introduction of testimony in the case had been completed the rest of the day was spent by Colonel Worthington of Counsel for Hermann. In an effort to have the case non-suit on points of law. Colonel Worthington argued for three hours in support of his contentions.

MINING BUSINESS IS IMPROVING

Salt Lake, Feb. 8.—Although business on the local stock exchange was good this morning, the same could not be said of the prices of securities. Many of the stocks which were strong yesterday showed considerable weakness today. Colorado was steady, although it sagged slightly from the previous price. There was considerable selling of the stock, which was undoubtedly the cause of the slight decline. Buying orders were good.

Columbus Consolidated continued to be the feature of the market and came in for another rapid advance. It opened at 90 cents and closed at 97 cents. The cause of the upward movement is due to the fact that another strike has been reported at the mine.

Iron Blossom was fairly steady today, although it did not move up as it did yesterday. Mason Valley was weak and Sioux Consolidated slid off two points. May Day, Cedar Tallman, Uncle Sam and Tintic Central were weak.

The volume of business was fairly good during the morning session, 41,137 shares changing hands at \$13,560.95.

On the curb market 500 shares of Tintic Standard changed hands at 10 cents and 500 shares of Utah Treasure Hill sold at 1 1/2 cents.

CRAZY CANDIDATE BEATS OPPONENT

Washington, Feb. 8.—The name of Elliott G. Mathews, an alleged insane man on the ballot as a third candidate for congress in the Fifth Virginia district, drew enough votes from John M. Parsons, Republican candidate, to elect E. W. Saunders, Democrat, according to Parsons' statement today to house election committee No. 2. Mathews, released, it is said, from an asylum just before the election, obtained a place on the ballot by sending his name to the secretary of the commonwealth with the required attestations. Fourteen thousand ballots were cast, and Saunders' plurality over Parsons was about 80. A subcommittee will count the ballots.

Mathews is said to be again in an asylum.

WASATCH POULTRY SHOW A SUCCESS

Heber City, Feb. 8.—Wasatch county fanciers held a successful poultry show here for three days last week. There was a large and creditable display of fine birds.

There has been another spell of very cold weather here the past week. The thermometer went down again to 14 below.

Unless the Indian war records commission hurries in its report to congress there will be few to report. Three have died here in a month, the last to go was William Forman, who died last week.

KNIGHT INTERURBAN FRANCHISE SIGNED

Provo, Feb. 8.—The board of county commissioners met yesterday and signed the Knight Interurban railroad franchise which was granted Thursday.

J. C. White's appointment as engineer and steward at the county infirmary was confirmed.

County Treasurer Johnson reported the following amounts on hand in the several funds of members from the wrecked steamer Farallon, who left Hama bay in a lifeboat January 7 for Kodiak. The mail steamer Dora, between Valdez and Dutch Harbor, will skirt both shores of Shelikoff strait.

As every one of the missing party knew the country thoroughly there is a chance of finding them in an Indian village.

FINANCIAL EDITOR DIES.

New York, Feb. 8.—William Dods, worth, president and editor of the Journal of Commerce and Commercial Bulletin, died today, aged 84.

JAPANESE ARE ACTING CONSERVATIVELY ON MANCHURIA.

Tokio, Tuesday, January 18.—The most rigorous official silence followed the receipt of the note suggesting the neutralization of the Manchurian railways presented by the United States government to Japan. While higher officials were absolutely close mouthed, the subject was discussed in all its phases by the press and public. As a whole the newspapers were conservative. One or two of those known as sarcasm and unfriendly remarks about the motives of the United States, but these were but scattering and the more conservative newspapers, indeed those representing public sentiment, were remarkably moderate.

After a week of discussion the idea gained ground that there was in reality no ulterior motive and that the

When you buy an overcoat, say at \$25, made by a manufacturer who spends a hundred thousand dollars a year in magazine advertising, and style book that costs twenty-five hundred dollars more, (as some manufacturers claim), you are paying \$15 for your coat and \$10 for the cost of advertising that coat.

Now, we offer you a coat at \$20 where the manufacturer puts the full expense on the coat itself.

This is where you get the full value for your money.

KUHN'S Modern Clothes SHOP

TELL EVERYBODY WASH. AVE. AT 2365

American government, always friendly to Japan, was simply trying to clear up a situation which is full of difficulties. The objections, however, seemed to be insuperable.

One of the principal of these and one that it took the newspapers some time to discover, is that a section of the south Manchurian railway runs through Japanese leased territory and it is not to be supposed that Japan would permit of the internationalization of a railroad running through her own leased property. The refusal by Russia was taken for granted and it was announced long before the Japanese answer was sent in that Russia would, under no circumstances, countenance the passing from her control of the Chinese Eastern railway or the connection via Manchuria of the two portions of the Russian lower country.

NEW YORK CHINAMEN CELEBRATE NEW YEAR.

New York, Feb. 9.—The year 1907 began in Chinatown at midnight and today is every New York Chinaman's birthday. For a week all business except fan and pai gow is suspended and the proper celebration for the great holiday is being undertaken by the On Leong Tong, the Hip Sing Tong and the Lin Chuns.

All restaurants, clubs, stores and long headquarters display a giddy maze of flags and bunting, with long strips of gaily colored lanterns and ropes of electric bulbs.

CONDITIONS IN KOREA ARE STEADILY IMPROVING

Tokio, Tuesday, Jan. 18.—Much talk has been indulged in by Japanese newspapers about probable resignation of Viscount Sone, resident general of Korea. It may be stated that Viscount Sone will not resign nor will he be called upon to do, unless his health, which is extremely poor, prevents his return to Korea.

If he does return it will not be until the end of February when the more

COACHES PLAN TO GIVE OUT FOOTBALL STATISTICS

Iowa City, Ia., Feb. 9.—Coaches of the "Big Three" institutions in the state of Iowa are planning to give out statistics which will put out all recent agitation regarding the danger of football. Facts and figures will be secured by Coach Clyde Williams of Ames, Coach John L. Griffith of Drake and Coach John G. Griffith of Iowa, which will show actual bona fide happenings of the gridiron during the last few years.

Football enthusiasts claim many of the injuries reported are not actual. They point out that many "dosed" articles are sent out from football camps each fall with fake injuries calculated to deceive opposing elevens.

These "broken bones" and "sprains" devised by the wily coaches are responsible for the long lists, according to local believers in the gridiron game.

CARGO OF CRUDE RUBBER.

New York, Feb. 9.—The steamer Cereans from Southampton, tied up at her pier underneath Brooklyn bridge today with the largest and most valuable cargo of crude rubber which has ever reached the United States. The cargo weighs 1,400 tons, worth \$3,900 a ton or about \$5,460,000. The rubber was loaded at Manaus, about 1,000 miles up the Amazon.
